Professional Profile

I have worked in the film and television industry since 1995. My employment has included work for several companies such as Walt Disney Pictures, Discovery Channel, History Channel, National Geographic, PBS Nova, and Santa Fe Productions. I have extensive experience working in the Utah wilderness and hiking with gear to hard-to-get locations. I have been a part of a number of departments within the production business and hired by several companies to work in other wilderness areas around the country and beyond. I am hard-working, highly motivated, possess an outstanding work ethic and passion for the film and television industry.
