Profile

I have worked in the film and video industry close to 15 years. I have a passion for seeing projects come to life and following them through to completion. My hard work and dedication to a project makes me a valuable asset worth investing in.

Experience

EDITOR & MOTION GRAPHICS, THOMAS ARTS; FARMINGTON, UT – 2014 - 2015

I had the pleasure of adding my talents to the fast paced ad world. As an editor and motion graphic artist, I had the opportunity to create many television commercials, documentary vignettes, web pre-rolls, and industrials.

PRODUCER, DIRECTOR & EDITOR, PICK IT UP MOTION PICTURES; SALT LAKE CITY, UT – 2007 - PRESENT

This is the umbrella for which I create my freelance projects. I have many passion projects in which I've learned and grown a tremendous amount. I have also executed numerous work-for-hire projects including documentaries, commercials, trailers, sizzle reels and vignettes.

ASSOCIATE PRODUCER, MIRROR FILMS; PROVO, UT – 2007 - 2009

I had the great opportunity of working the entire span of a feature film production. From location negotiations, permits and production management to landing deliverables and setting up a 4-wall theatrical release throughout Utah. I learned many valuable lessons I couldn't have otherwise and grew tremendously working on this film.

PRODUCER, DIRECTOR & EDITOR, SPECIAL OPS; N. SALT LAKE, UT – 2005 - 2007

I was brought in to direct and produce a reality television sizzle reel with a cast & crew of over 30. While the show was being shopped, I had the opportunity to produce many online marketing videos for the company.
