**University of Utah**  
*Bachelor of Science in Communication*  
Emphasis in New Media

Salt Lake City, Utah  
Graduation: December 2014

---

## PROFESSIONAL OBJECTIVE

- Obtain a career-oriented position in film making/photography that utilizes proven skills in leadership, management and organization.
- 

## QUALIFICATIONS

- Co-founded a winter action sports production company by the age of 19, producing 30+ short online films and totaling 718,054 views in its lifetime.
  - Annually produced technical, financial, and logistical information for local and international film projects concerning all aspects of production for several online films, pulling in an average of 10,000 views per video.
  - Experience designing and negotiating business proposals to large brands and organizations.
  - 8+ years of experience working in a marketing/public relation's environment. Skilled in developing creative and innovative marketing efforts for distribution of projects.
  - Strong field producing skills working in difficult and sometimes dangerous environments locally and overseas.
  - Experience and expertise guarantee professionalism in the following: coordination of labor, resources and advertising to achieve maximum profitability. Provision of quality service to a diverse clientele.
  - Demonstrated superior time management skills working with tight deadlines independently and remotely from several locations, producing a 4 part traveling web-series with a motivated crew of personally selected individuals.
  - Technically proficient with Adobe Premiere, After Effects, Lightroom, Photoshop, Dreamweaver, Audition, etc.
  - Experience shooting a multitude of state of the art video cameras out of planes, trains, automobiles, snowmobiles, helicopters. Experienced skier willing to (literally) go the extra mile to accomplish any project goal.
-
