VOLUNTEER EXPERIENCE

Head Pastor in Gyumri Armenia, I lead a congregation of over 40 members. I helped members of the congregation with their spiritual needs, taught them self reliance principles and leadership skills, counseled those struggling with mental and emotional illness, and ministered to the congregation and helped them find peace during a global pandemic and a war. I also had the opportunity to work with the humanitarian services at the time in providing food supplies and hygiene products to war refugees.
