## EXPERIENCE

### **Private Dog Training, Utah— *Lead Trainer***

March 1992 - PRESENT

After apprenticing with Pets for Protection, I have maintained a business of in-home, personal dog training for 26 years. I have ensured every dog I work with is a functional and loving member of people's families. Training skills and levels have varied from standard obedience to very specific service training.

### **The Fold, Vineyard, UT— *On-Site Dog Handler/Trainer***

March 2021

On the day of filming for this ad, I worked as the on-site dog handler/trainer, providing my own dog from my pool of talent and ensuring he was able to perform his necessary parts.

### **The Fold, Provo, UT— *On-Site Dog Handler/Trainer***

January 2021

On the day of filming for the Pupford Academy ad, me and my agents worked as the on-site dog handlers/trainers, providing dogs from our own pool of talent and ensuring they were able to perform their necessary parts.

## PROJECTS

### **Fetch Cares — *Nonprofit Dog Rescue***

"We're here to bring healing and connection to both animals and people in need." Fetch Cares is an organization I have been working with for three years to train various different special needs rescue dogs. We have been able to rehabilitate many dogs into loving members of their new forever homes, and have even given them new purpose by training them to be service dogs for people who also have special needs.

## Education

**Rick Comstocks, Trainer and Breeder, Pets for Protection, 1993:** I apprenticed under the lead trainer of this organization for three years. This is where I started my many years of dog training experience.

**Rocky Mountain Search and Rescue, 2001:** This was one of the courses I took to learn search and rescue training for dogs.

**Dogs for the deaf, 2007–2009:** This was one of the courses I took to learn service dog training for people that are deaf.

**Utah Valley University, 2012:** I studied journalism and media for a year, looking to branch out my business.
