SUMMARY

I am a university junior working to build myself up from homelessness. After graduating from Wasatch High School with a 3.5 GPA, I'm on course to graduate from Utah Valley University with a degree in Digital Cinema Production. I work hard for all that I have. As someone who has had to and continues to deal with being self-sustaining and learning everything on his own, I excel at adapting to numerous situations seamlessly. I enjoy storytelling, working with media, and using my foreign language skills to communicate and connect with others.

SKILLS

- Understand and solve technical and logical problems quickly and efficiently.
- Knowledgeable with technical equipment such as cameras and computers as well as software such as Premiere Pro and Photoshop
- Adapt to any situation or environment at hand: worked in a fast-paced restaurant, enforced rules outside during winter, worked in a quieter environment stocking and helping guests.

EDUCATION AND TRAINING

Wasatch High School - Heber City, Utah, 2019. Graduated w/ Honors, Digital Media Pathway, Utah Seal of Biliteracy in English and Spanish.

Utah Valley University - Orem, Utah. Finished three semesters with a 3.64 GPA, majoring in Digital Cinema Production. Directed documentary and short film.

EXPERIENCE

10, 2017 to 5, 2019

Stocking, Produce Clerk, Lee's Marketplace - Heber City, UT.

As a Produce Clerk, I ensured that the entire produce section of the store was ready and presentable to customers during and after my shifts. I conversed with guests and assisted them in understanding unfamiliarities and finding what they needed. I made sure that all produce was stocked, customers were satisfied, and work areas were cleaned.

06, 2019 to 02, 2020

Guest Services, Busser, Homestead Resort - Midway, UT.

I worked to make sure guests had all that they required to have a desirable time at either of the restaurants I worked in: Simon's Restaurant and Fanny's. Beyond ensuring that their tables were clean and set, I conversed with guests, helped them understand the menu, made them feel welcome, and occasionally greeted and seated them. In a highly fast-paced environment, I ensured that work areas were clean and presentable, cups and silverware were ready for guests, and conversed with & brought bread to guests while they waited for their meals.

12, 2019 to 3, 2020

Guest Services, Tubing Hill Staff, Soldier Hollow - Midway, UT.

While working outside on Soldier Hollow's winter tubing hill, I maintained various positions on the hill each day. Among the various duties, I explained and enforced the rules and safety policies of the tubing hill and the consequences of breaking them to hundreds of guests, managed dozens of guests at the top of the hill to ensure each group got to the bottom safely, and made sure guests exited the bottom safely before others came down the hill.
