Education

- Layton High School 2019 Graduate
- Utah Valley University Spring 2023 Graduate
- Avid Media Composer Certified Professional
- Adobe Premiere Certified Associate
- 3.92 GPA

Film Industry Work

Reading Horizons Video Production Assistant

2023 - Present

Reading Horizons is a company specializing in creating curriculum for elementary schoolers to become proficient in reading. I work as the video production assistant at Reading Horizons where I film and edit whatever videos the company needs. The main type of content I work on at Reading Horizons are videos designed to demonstrate to elementary school teachers how to best implement the Reading Horizons curriculum to their students.

UVU Digital Cinema Production

2019 - 2023

At Utah Valley University, I majored in Digital Cinema Production with an emphasis in post production. My emphasis led to me taking several classes on the subjects of color grading, being a digital imaging technician, visual effects, and my favorite: editing footage. Though I emphasized post-production, I equally applied myself to the studies of production, cinematography, screenwriting, and directing for the screen.

Angel Studios DIT

2023

For Angel Studios, I worked at the Dry Bar Comedy club in Provo Utah where, as a Digital Imaging Technician, I offloaded footage from 7 black magic cameras for each stand up comedy special for a total for 12 specials. I organized footage to meet Dry Bar's specifications and offloaded backups of all of the media to external hard drives after the fact.

Freelance Videographer, Editor, and Photographer

2021 - Present

Since 2021, I've worked as a freelance videographer and video editor. In that time I've been contracted to film and edit short films, music videos, concert performances, advertisements, and photo shoots. I'm self managed and work with my own equipment to get the job done.

Leadership Roles

Utah CTE TV Broadcasting

At Layton High School, I participated in a television broadcasting class over the course of three semesters where I and other students would write scripts and storyboards for sketches and news segments, record video and audio for those same packages, edit them, and broadcast them to the school.

National Speech and Debate Association

For two semesters I led a team of public forum debate students for the NSDA (National speech and Debate Association). During which, I placed 5th overall in the state of Utah. You can learn more about the NSDA here: <https://www.speechanddebate.org/>

Technology Student Association President

The Technology Student Association is a national organization of students engaged in STEM (Science, Technology, Engineering, and Mathematics) . In my senior year of high school I was the president of the Layton chapter of TSA. As president, I oversaw the project work of all TSA club members to ensure that their submissions were at their best standards before the TSA competition at the DATC. I made an executive decision to veer Layton's TSA resources into our video production. You can learn more about TSA here: <https://tsaweb.org/about/about-tsa>

Other Job Experience

Event Lead Photographer | Jostens

2023

I worked as an event lead photographer for JostensPix, a subsidiary of Jostens for one of their seasons. During my time, I specialized in high school yearbook photos. I traveled all over the state of Utah to various schools; private and public. Usually the schools had a vast population of students, resulting in a workload that involved photographing a high volume of students, at an accelerated rate, with photos being of good quality, consistency across each school, and lastly, all while trying to cater to each student at an individual level and give them the yearbook photo that best suits them to well preserve their memories of the school year in a positive light.

Cashier | Smiths | Kaysville

2017 - 2022

I worked as a cashier at Smith's Marketplace in Kaysville Utah. Throughout the entire day, I practiced friendly customer service and due to online feedback from customers as well as secret shoppers who review my customer service, I was awarded several tokens of appreciation for my friendly service, the most notable of which is a golden name badge. The store can be contacted at 385-888- 5310.
