Objective

It has indeed been a while since I last worked on a film crew and boy oh boy have I missed it. I am seeking to join your film crew family in the Art Department, as well as any position that needs assistance including jumping in as an extra (I did this for The Adventures of Joe Dirt).

Skills

I am a hard worker, friendly, flexible, punctual, honest, quick learner, focused, creative, organized, task juggler, professional and or silly when needed and can accomplish anything I put my mind too. I am also one who enjoys a challenge and will complete any goal utilizing unorthodox materials.

Education

BA in Art, Emphasis in Sculpture; with a Minor in Marketing; Honors
