Passionate video editor and filmmaker with 9 years of experience in fast-paced production environments, looking to utilize my cinematography and post-production skillset in my next position. Through my experience, I understand the balance required between creativity and technical abilities. With a honed sense of creativity, attention to detail, and technical skills, I am adept at creating emotionally engaging content and bringing projects from early post-production stage to completion. I'm continuously growing and learning, and I believe my proactive approach alongside my experience will make me a great addition to your team.

EXPERIENCE

Freelance Filmmaker | 2020 – Present

- Managing and completing several projects simultaneously while leveraging thorough video production knowledge to consistently meet and exceed clients' expectations and deadlines.
- Generated 400% ROI as well as new leads by directing and producing a short dance film on a budget of \$500 that received positive reception at screening events and festivals.
- Networking with clients, stakeholders, and other freelancers to find creative solutions to achieve marketing and budget goals.

Multimedia Developer | SkyWest Airlines | 2016 – 2020

- Demonstrated excellent time management and prioritization skills by editing various video and photo projects, including training videos, internal and external promotional material, TV commercials, event photography, short form documentary videos, visual effects and motion tracking, and interviews.
- Doubled Facebook engagement by employing exceptional editing and best practices to produce videos that establish and support brand consistency, maximize exposure, and meet company objectives.
- Managed and completed several projects simultaneously, including video production, planning shoots, and editing, while consistently meeting and exceeding clients' expectations and deadlines.
- Ensured quality control by adhering to established best video practices and employing motion graphics, color correction and audio editing skills.
- Using data/analytics to tailor video projects and deliverables to desired target audiences.

Freelance Photojournalist | KSL News | 2015 – 2016

- Maintained a high-volume workload in a fast-paced environment, including shooting and editing news footage, conducting interviews, and working with reporters and writing staff to create news stories on tight deadlines.
- Contributed to the execution of daily live news broadcasts by operating ENG broadcasting equipment.
- Communicated effectively with producers and editors to understand creative direction and managed time and priorities to ensure adherence to deadlines.

Video Editor | Website Talking Heads | 2012 – 2016

- Edited whiteboard videos while paying close attention to detail to ensure a polished, high-quality final product.
- Created engaging experiences by adding animations and flair to characters and scenes, bringing video projects to life from early post-production to the final, finished product.
