## **Summary**

Recently admitted to the Brigham Young University Media Arts Program as a minor, I've had the opportunity to work on a handful of student short films and productions. I have been a boom operator ever since my first production at BYU and have helped to operate the boom mic for filming as well as working closely with the sound mixer to help achieve the best sound possible, along with setting up other microphones used for filming. I have also received my PA certification from the Utah Film Commission where I learned skills in communication, walkie etiquette, and how to address and handle safety concerns.

## **Experience**

**“Dogleg”** — *Boom Operator*

October 2023

**“One and a Half”** — *Boom Operator*

January 2024

**“Spit it Out”** — *Boom Operator*

January 2024

**PA Certification** - *Utah Film Commission*

March 2024

## **Education**

**Brigham Young University** — *Pre-Computer Science Animation and Media Arts Studies*

September 2023 - Present
