

Transportation Coordinator

Transportation Coordinator with 30+ years of experience leading and influencing others to create and develop solutions, while providing quality service to each department of production in a positive environment. Exceptional communication and resource capability, with the ability to move equipment while providing industry knowledge to trouble shoot problems in advance. An extensive vendor list, with strong relationships, allowing access to needed equipment for incentive benefits (i.e., trucks, trailers, generators, camera cars, picture cars, etc.) Knowledge of scripts and script breakdowns allow for an edge in realistic budgets with minimal re-work. Clear communication with impeccable follow through and analysis, and excellent attention to detail, organization and time management.

Work Experience

Transportation Coordinator

Responsible for hiring and overseeing drivers, equipment and budgets, while keeping the company in compliance with Federal DOT laws and regulations.
