ABOUT

I was born and raised in Utah, a place that shaped my work ethic and photographic mentality. Feeling and emotion are the driving forces of my photography, regardless of subject matter. I'm an expert in mimicking natural light with artificial sources, and shaping my imagery to persuade consumers to purchase products and clothing.

SKILLS/EXPERIENCE

- **Screenprinting, Dye Sublimation Printing, Large Format Vinyl Printing/Plotting, Darkroom Printing.** I worked as an assistant screenprinter and gained working knowledge of many forms of print media throughout my education.
- **Customer Service and General Sales.** During my time working for Enterprise RAC (2017-2021) I developed a wide set of skills in managing customer expectations and satisfaction in high stress scenarios.
- **Studio and Team Management/Training.** Trained new photographers on intricate file systems and softwares, methods and modes of shooting, and company standards.
- **Independent Artwork Sales.** Learned organic client outreach methods, pricing, curation, material sourcing.
