SKILLS

Mac OS, Excel

As Travel Coordinator, I've arranged flights, car services, rental cars, hotel rooms and/or housing for cast and crew of approx 280 people at most. For 'Yellowstone' the production office base was Park City Utah, and then we went to Hamilton Montana every other episode.

I've been praised for my ability to keep a level head despite extremely challenging tasks and circumstances. I'm meticulously organized and detail oriented. I also value feedback and advice.

Successful in multiple types of production, including feature films, episodic television, commercials, short films, music videos, & virtual reality.

AWARDS

“Wind River” - Cannes winner - Directing Prize of Un Certain Regard. Sundance 2017 US Dramatic Competitor
